Dear Parent/carer

Introducing Parents to Up Learn

We have recently purchased an Up Learn license for every student taking an A level in the science subjects. Up Learn is a revolutionary online independent learning and revision platform for A level with a big promise - **A/A* grades are guaranteed.**

Your child now has access to hundreds of online video lessons covering their A level course, available any time on a computer, tablet or phone. Up Learn is best used to complement what students are learning in the classroom:

- Introductory video lessons ease students into new topics, break down complex material and ensure students are coming to class ready to stretch their knowledge beyond the basics;
- Video content reinforces what students are learning in class and gives them the chance to catch up on any missed lessons;
- Topic quizzes make sure students are retaining course content, and is also a great way to refresh their knowledge over the holidays;
- Exam how-tos and practice papers (created exclusively for Up Learn by official examiners) ensure that students are comfortable with the jump in exam technique from GCSE to A level.

Up Learn build their courses using cutting-edge technology and **robust research** from the field of cognitive science to make sure students are learning as effectively as possible. The platform uses artificial intelligence to track students' progress and personalise their learning schedule for maximum results.

Out of the thousands of students who complete a course with Up Learn each year, 97% achieved A and A* grades in their exams.

If you have any questions, visit <https://wp.uplearn.co.uk/> where you can find more information and get in touch with the team.

Yours sincerely

A Mangat
Assistant Principal
