Sociology

COURSE INTRODUCTION

Sociology is the study of the society that we all live in. Sociology looks at how our social characteristics affect our chances and experiences in life. We study gender, ethnicity and social class and ask why different kinds of people are less likely to have good health, achieve good qualifications, have social status and be more likely to commit a crime, be poor and die at an early age.

When mores are sufficient, laws are unnecessary; when mores are insufficient, laws are unenforceable

- *Émile Durkheim*
