## A-Level Results 2025 – Uxbridge High School Celebrates Outstanding Success

Uxbridge High School is proud to announce another year of exceptional academic success, with outstanding results across A Levels, BTECs, and Technical qualifications. This year's results showcase the talent, determination, and ambition of our students, whose hard work has truly paid off. We extend our warmest congratulations as they take the next exciting steps in their journeys.

This year, an impressive 98% of students achieved success in three or more A Levels at grades A\*–E, with 66% securing A\*–C grades across three or more subjects. Exceptional performances were recorded in subjects such as Mathematics, History, Physics, Chemistry, Biology, Economics, and Sociology.

Our BTEC and Technical pathways also saw record-breaking achievements, with the highest-ever number of students earning Distinction and above. Notable successes include outstanding results in the IT Cambridge Technical course and the Finance LIBF course.

Principal Louisa Seymour expressed her pride in this year's achievements:

*“Our students are leaving with exceptional results, with an impressive percentage achieving A–C grades. They have excelled across a broad range of subjects, showing the skills, resilience, and ambition to succeed in whichever path they choose. From prestigious universities such as Imperial, King’s, Bristol, and Exeter to competitive apprenticeships with leading FTSE 100 companies, our students are ready to make their mark. At Uxbridge High School, we continue to nurture ambition and ensure that our students ‘enter to learn, and leave to achieve.’”*

As always, we take great pride in celebrating our students' accomplishments — both academic and personal. This year's cohort includes inspiring stories of achievement, with destinations ranging from elite universities to industry-leading apprenticeships.

Some of this year's standout successes include:

Karim Guerrag - A\*, A\*, A

Emily Brookfield - A\*, A, A, B

Hiba Benayad - A, A, A

Adrees Ghorri - A, A, B

Aqib Shamsudeen - A, A, B

Jawad Zneit - A, A, B

Isamu Malcolmson - A, A, B
